DANIEL BARREIRA

DESIGNER

ABOUT ME

UX/UI designer with 2 years of experience designing enterprise fund management platforms. Strong focus on design systems, interaction design, and translating complex workflows into clear user experiences. Comfortable working in regulated environments, collaborating cross-functionally, and iterating based on feedback and constraints.

WORK EXPERIENCE

UX/UI DESIGNER

Axians / Funds & Investment - Lisbon, Portugal — 01/ 2024 - present

- Designed and maintained reusable components and documentation across 4 design systems supporting multiple fund management platforms, ensuring consistency and scalability.
- Translated complex, data-heavy financial workflows into clear and intuitive dashboards through user flows, wireframes, and interactive prototypes.
- Collaborated closely with product managers and engineers to define requirements, validate solutions, and ensure feasibility during implementation.
- Contributed to responsive web design delivery using Figma, supporting multiple user roles and access levels within regulated environments.
- Supported internal and external business initiatives through graphic design and video editing for events and communication materials.
